Started professional training in Recurve, have participated in 1 State Championship and 1 National Championship. In the process to become a better Archer, but more importantly to become a technician who understands the in-and-outs of Archery.

### As Father, Husband, Brother and Myself

- As Father:  
Got into Archery for my Son who started his professional training in 2011 at HU Archery Mission. From there he developed his training and became a pro Archer in the club. He has participated in each of the State Championships held from 2011 and have won medals in each of them. He has participated in 2 Wooden Long Bow National Championships, 1 Recurve National Championships, 3 Indoor Archery World Cups (U-10 Recurve Bronze winner in Indoor Archer World Cup held in Singapore 2013, U-17 Participation in Bangkok 2015, U-14 Participation in Nimes 2018). He is still pursuing and nurturing his skills to be a better Archer.
- As Husband:  
Following my son, my wife also got interested in the art and formally joined the same HU Archery Mission club. She has won 3 State Championship medals, Participated in 2 National Championships and Participated in the Indoor Archery World Cup held in Singapore 2013. But due to her shoulder and ankle injury she couldn't continue her passion and on the road to the long recovery. Hopefully she will make a comeback and shoot.
- As Brother:  
Following my son and wife, my elder brother also formally joined the HU Archery Mission club, and is undergoing his professional training there. He started with the Wooden Long Bow and have moved to Pro Recurve. He has won medal in State Championships, Participated in the National Championships and Indoor Archery World Cup held in Bangkok 2015. He is still pursuing and nurturing his skills to be a better Archer.
- As Myself:  
I'm a Web Developer basically with 15yrs of experience in various web technologies. My profile can be viewed below:
